Claims History

- 1. Claim date November 3, 2023 — parking-lot collision, at-fault, property damage only. Paid amount: \$2,140.
- 2. Claim date June 19, 2024 — hail damage, comprehensive coverage, not-at-fault. Paid amount: \$4,850.
- 3. Non-renewal notice issued March 2025, citing frequency of claims within a 24-month window as the basis for non-renewal, regardless of fault determination on either claim.

Notes

This loss run confirms the applicant's disclosed claims history as accurate. The non-renewal was frequency-based rather than tied to a single severe incident, which is a relevant distinction for this underwriting decision.
