

SIU CASE REFERRAL

Fraud Investigation & Special Investigation Unit — Referral Form

Fraud Case ID:	FC009
Related Claim:	CLM145
Claim Amount:	\$12,192.00
Referral Source:	Claims Adjuster Flag
Date Opened:	January 3, 2025
Assigned Investigator:	SIU011

Reason for Referral

The handling adjuster flagged this claim for a routine duplicate-claimant check after noticing the claimant's name appeared in a separate, unrelated claim filed with the company two years prior. This is a standard, low-priority check applied whenever a name match is detected across the claimant database.

Adjuster's Note

“The name match appears to be coincidental — the prior claim was a small windshield replacement filed by the claimant's adult child, who shares the same last name and a similar first name. I don't see an indication of duplicate filing on the same incident. Recommend closing this check once confirmed.”
