Request History

SR130 — Opened May 28, 2025. Coverage Inquiry: policyholder asked whether her policy's comprehensive coverage extends to a second household driver. Status: Open, no response logged.

SR064 — Opened August 12, 2025. Coverage Inquiry: policyholder followed up on SR130, noting she had not received a response and was considering her options at renewal if the question remained unanswered. Status: In Progress, assigned to Renewals Desk.

Notes

Both requests concern the same underlying coverage question and remain unresolved as of this log's preparation date. The August follow-up explicitly references renewal timing as a factor in the policyholder's decision-making.
